

Fried Pickles

Ingredients:

- Pickles
- Your choice of IP Crisps, Southwest Cheese Curls, or any other.

Directions:

Place your choice of IP packet in a food processor and grind them up finely. Spread them out on a plate. Take pickles directly out of the jar so they still have juice on them. Cover the pickles with your crisp and place on parchment paper on a cookie sheet. Bake at 350 for 15-20 minutes.
